

Rappel :

Pour additionner 2 nombres à 2 chiffres :

- ⇒ Commence par additionner les unités = mets-les ensemble.
- ⇒ Ensuite, additionne les dizaines = mets-les ensemble.

1. Niveau 1.

- ⇒ Pose et calcule les additions suivantes.
- ⇒ Quand tu as réussi 3 additions, passe au niveau 2.

$36 + 17$	$25 + 15$	$19 + 26$
$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$	$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$	$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$

$24 + 17$	$19 + 15$	$14 + 27$
$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$	$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$	$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$

2. Pose et calcule les additions de Niveau 2.

$36 + 25$

$$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$$

$41 + 29$

$$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$$

$57 + 27$

$$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$$

$35 + 25$

$$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$$

$59 + 32$

$$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$$

$44 + 18$

$$\begin{array}{r} \bigcirc \\ \square \square \\ + \square \square \\ \hline \square \square \end{array}$$
